Crushing Screening Plants

FABO Stationary Crushing Plants

FABO, which sells crushing, screening and washing facilities to 7 continents, produces the most powerful crushers and sieves in the market. With its low maintenance costs, innovative designs and 17 years of experience, it offers unique solutions to its customers.

Stationary crushing plants have advanced equipment that provides high efficiency for mines, quarries and construction projects. Our crusher plants with different capacities are ideal for solutions suitable for every project.

Stationary crushing plants can be used for aggregate production in various sizes, for crushing hard mines and ores. To maximize your profits and improve your business volume, like companies around the world, choose FABO crushing, screening and washing facilities.

Our stationary solutions: Stationary Stone Crushing and Screening Plants

- Vibrating Bunkers
- Jaw Crushers
- Primary Impact Crushers
- Tertiary Crushers
- Vertical Shaft Crushers
- Cone Crushers
- Vibrating Screens
- Dewatering Screen
- Spiral Washers
- Bucket Washers
- Wobbler Feeder

Stationary Crushing & Screening Plant with Primary Impact Crusher 150-250 TPH

The **150-250 TPH stationary crushing and screening plant** is produced with feeding bunker, primary impact crusher, tertiary impact crusher, vibrating bunker, conveyor belts and control cabinet. **FABO 150-250 stationary crushing and screening plant** allows smooth operation of all the equipment. Stationary crushing and screening plant, which we manufacture with sustainable production materials derived from the knowledge of our engineers and the experiences we have gained over 18 years, plant is the number one choice of our customers with its 100% performance.

DESCRIPTION	QUANTITY
30m3 Bunker with Grizzly Feeder	1
1200x1000mm Primary Impact Crusher	1
1200x650mm Tertiary Impact Crusher	1
2000x6000mm Vibrating Screen	1
800mm width Main Conveyor Belts	2
600mm width Stock Conveyor Belts	7
Control Cabin and Electric Panel	1

Shipping Method

Land or sea with 4 - 6 truck head

FABO Stationary Crushing and Screening Plant is delivered to our customers on 4 - 6 truck head after production.
