Crushing Screening Plants

FABO Stationary Crushing Plants

FABO, which sells crushing, screening and washing facilities to 7 continents, produces the most powerful crushers and sieves in the market. With its low maintenance costs, innovative designs and 17 years of experience, it offers unique solutions to its customers.

Stationary crushing plants have advanced equipment that provides high efficiency for mines, quarries and construction projects. Our crusher plants with different capacities are ideal for solutions suitable for every project.

Stationary crushing plants can be used for aggregate production in various sizes, for crushing hard mines and ores. To maximize your profits and improve your business volume, like companies around the world, choose FABO crushing, screening and washing facilities.

Our stationary solutions: Stationary Stone Crushing and Screening Plants

- Vibrating Bunkers
- Jaw Crushers
- Primary Impact Crushers
- Tertiary Crushers
- Vertical Shaft Crushers
- Cone Crushers
- Vibrating Screens
- Dewatering Screen
- Spiral Washers
- Bucket Washers
- Wobbler Feeder

Stationary crushing and screening plant

300-450 T/H

The **300-450 TPH stationary crushing and screening plant** is produced with feeding bunker, jaw crusher, secondary impact crusher, tertiary impact crusher, vibrating bunker, conveyor belts and control cabinet. FABO **300-450 TPH stationary crushing and screening plant** allows smooth operation of all the equipment. Stationary crushing and screening plant, which we manufacture with sustainable production materials derived from the knowledge of our engineers and the experiences we have gained over 18 years, plant is the number one choice of our customers with its 100% performance.

DESCRIPTION	QUANTITY
45m3 Grizzly Feeding Bunker	1
1400x1100mm Primary Jaw Crusher	1
1200x1500mm Secondary Impact Crusher	1
1200x1300mm Tertiary Impact Crusher	1
2200x6000mm Vibrating Screen	2
1200mm Width Conveyor Belt	3
1000mm Width Conveyor Belt	3
800mm Width Conveyor Belt	6
Control Cabin and Electric Panel	1

Shipping Method

Land or sea with 16-18 truck head

FABO Stationary Crushing and Screening Plant is delivered to our customers on 16-18 truck head after production.
