**FABO<sup>®</sup>**

# Crushing Screening Plants

# FABO Stationary Crushing Plants

---

**FABO**, which sells crushing, screening and washing facilities to 7 continents, produces the most powerful crushers and sieves in the market. With its low maintenance costs, innovative designs and 17 years of experience, it offers unique solutions to its customers.

**Stationary crushing plants** have advanced equipment that provides high efficiency for mines, quarries and construction projects. Our crusher plants with different capacities are ideal for solutions suitable for every project.

**Stationary crushing plants** can be used for aggregate production in various sizes, for crushing hard mines and ores. To maximize your profits and improve your business volume, like companies around the world, choose FABO crushing, screening and washing facilities.

**Our stationary solutions:** Stationary Stone Crushing and Screening Plants

- Vibrating Bunkers
- Jaw Crushers
- Primary Impact Crushers
- Tertiary Crushers
- Vertical Shaft Crushers
- Cone Crushers
- Vibrating Screens
- Dewatering Screen
- Spiral Washers
- Bucket Washers
- Wobbler Feeder

# Vibrating Feeder Grizzly Bunker

## TBX-55 Vibrating Feeder Bunker

**Vibrating Feeder TBX-55** is an ideal work machine for high performance crushing and screening plants. Providing feeding thanks to 2 vibro motors working in different directions, TBX-55 is the most ideal vibrating feeder for large enterprises with a capacity of 400-800 tons per hour.

You can achieve more performance in a shorter time with these work machines, which are designed in accordance with European standards and produced without using any substance that will adversely affect human health. If you want to buy a new construction machine and add strength to your power, you can contact us and get detailed information about our services by examining our vibrating feeder products for sale.

MODEL	TBX-55
FREEDER WIDTH	1300 mm
FREEDER LENGHT	5000 mm
HOPPER VOLUME	55 m <sup>3</sup>
CAPACITY	400 - 800 TPH
MOTOR POWER	2 x 11 kW

### Double Grizzly Feeder

Vibrating Feeder **TBX-55** relieves the crusher group (jaw crusher) by separating dirty and sticky materials even under the most difficult conditions, thanks to its **Double Grizzly Feeder** and in this way the rocks falling into the bunker are optimized in the best way.
