Crushing Screening Plants

FABO Stationary Crushing Plants

FABO, which sells crushing, screening and washing facilities to 7 continents, produces the most powerful crushers and sieves in the market. With its low maintenance costs, innovative designs and 17 years of experience, it offers unique solutions to its customers.

Stationary crushing plants have advanced equipment that provides high efficiency for mines, quarries and construction projects. Our crusher plants with different capacities are ideal for solutions suitable for every project.

Stationary crushing plants can be used for aggregate production in various sizes, for crushing hard mines and ores. To maximize your profits and improve your business volume, like companies around the world, choose FABO crushing, screening and washing facilities.

Our stationary solutions: Stationary Stone Crushing and Screening Plants

- Vibrating Bunkers
- Jaw Crushers
- Primary Impact Crushers
- Tertiary Crushers
- Vertical Shaft Crushers
- Cone Crushers
- Vibrating Screens
- Dewatering Screen
- Spiral Washers
- Bucket Washers
- Wobbler Feeder

Vibrating Screens

TE-2270 Vibrating Screen - Inclinedscreen

2200*7000Vibrating screens are a necessary plant element in the grading stage in order to separate the crushed materials obtained from the streams and quarries. It is preferred to classify wet and dry stones and gravels or mineral ores. They are produced in many different sizes according to their screening capacities.

| MODEL | TE-2270 |
|-------------|--------------------------------|
| DIMENSIONS | 2200x7000x2-4 mm TWIN SHAFT |
| CAPACITY | 250-390 TPH |
| MOTOR POWER | 2 x 22 kW |
| SPEED | 1000 d/d |

They are produced in many different sizes according to their screening capacities. Vibrating screens, which are one of the indispensable elements of stone crushing and screening plants, are very important for the production process to be realized as desired. **2200 × 7000 vibrating screen**, which is a preferred type among vibrating screens, is produced by our company and offered to the service of the sector. In our company, vibrating screens that you need in other sizes we are able to produce them specially. **2200 × 7000 vibrating screens** has 4 decks and there is **44 kw** motor power on it.
